*Unwanted telemarketing calls can be a nuisance and an intrusion upon your privacy at home or at work.*

*Pennsylvania citizens and businesses have the opportunity to avoid these calls by registering for the Do Not Call List. Over 3 million numbers have been registered so far and I encourage you to do so as well.*

*Doing so will help you avoid becoming a victim of a scam and give you peace of mind knowing that you will not be solicited by a company that cares about following the law.*

*Please make sure that your home and business telephone numbers, including cell phones, are on the list by registering.*

*Don't delay — visit our website at [www.attorneygeneral.gov](http://www.attorneygeneral.gov) or call the helpline at 1-888-777-3406 to register today.*

#### TIPS TO HELP AVOID UNWANTED CALLS:

- Be mindful of providing your telephone number at cash registers and checkout points. Your number could be placed on telemarketing lists without any additional consent.
- Be aware of providing contact information when participating in online surveys or contests.
- Entering contests at fairs and public events may lead to future telephone solicitations.

The Office of Attorney General is responsible for enforcing the Do Not Call law, which allows Pennsylvania residents and businesses to avoid unwanted telemarketing calls to their homes. Telemarketers are prohibited from calling any number on the statewide Do Not Call list.

There is no fee for registering on the list. This list is updated quarterly, so there is a delay between the time you register for the Do Not Call list and the time the telemarketers receive your information. You can register residential and business landlines and cell phones.

Once you have registered, remember that the list is distributed to telemarketers on a quarterly basis under Pennsylvania law. Telemarketers then have 30 days to remove your number(s) from their calling lists.

Telemarketers may call from outside the United States or use technology to mask the origins of their calls. This can make identification of who placed the call and enforcement against them difficult. We work with the FTC to track these calls.

## UNDERSTANDING THE LAW

The Do Not Call law provides for several exceptions under which telemarketers may call your home or business even if your number is registered on the Do Not Call list. The exceptions include calls from:

- Telemarketers who have had an established business relationship with you within the 12 months preceding the call.
- Tax-exempt charitable organizations, veterans organizations chartered by the U.S. Congress, and calls made on behalf of a political candidate or political party.
- Telemarketers calling at the express request of the telephone customer.

The Do Not Call law also prohibits telemarketers from blocking their telephone numbers from a caller ID device. Telemarketers who violate the provisions of the law could face a civil penalty of \$1,000 per violation. The penalty could be increased to \$3,000 if the call is placed to a person 60 years old or older who is registered on the Do Not Call list.
