PA VETCONNECT

PA VETConnect - Serving Pennsylvania's military-affiliated community.

To meet the ever-changing needs of our veterans, DMVA has staff in regions across the commonwealth, working with advocates and non-profit organizations to enhance services for veterans.

Veterans, family members and advocates can contact a PA VETConnect team member directly or through the "Get Help" feature on our website for local, state and federal resources. County Directors of Veterans Affairs and other veteran advocates facilitate delivery of services to veterans, their families and their beneficiaries, as well as service members in transition to civilian life.

While DMVA - through its Office of Veterans Affairs - provides many programs and benefits for veterans, there are still areas where we do not have formal programs. We hope to address these gaps through creative inter-agency coordination and community partnerships.

WHAT ARE WE DOING?

- Advocacy
- Collaboration
- Education
- Problem-Solving
- Professional Development
- Relationship Building
- Resource Referral

Pennsylvania is home to nearly 700,000 veterans - the fifth largest veteran population in the nation. The DMVA recognizes that we are only one player in the network of organizations needed to successfully serve these veterans.
